New 'Canon Selphy CP510 compact photo printer.
 This item is as new and has never been used. It comes in the original box with all the user guides etc.
 I have looked at others for sale on E bay and there seems to be a disc missing from my box, i have searched high and low for this disc but just can't locate it. But driver can be downloaded from Canon website: http://www.canon.co.uk/support/consumer_products/products/printers/compact_photo/cd_cp_series/selphy_cp510.aspx?type=drivers&language=&os=£
