Hi I have available a PlayStation 500gb Bundle Included: Black 500gb PS4 with all the leads, manuals and box (1 1/2 months old) 1 controller 8 + 1/2 Months warranty remaining on the console. And 4 great games Grand Theft Auto V (Map and Manuals, Disc + Case included) Sleeping Dogs (Disc, Case and Manual plus pictures and tattoos) Uncharted (Complete with Case+Disc+Manual) The Order 1886 (Just the disc + case) The bundle can be shipped or collected, the console is in immaculate condition, no hardware or software faults, latest dashboard, ready for first use, jet black in color, games are unscratched and work perfect. HAS BEEN FACTORY RESET Please feel free to ask questions, if shipped will be sent via Next Day tracked and insured courier, Sorry but am unwilling to post outside the UK, Am selling cheap as its my daughters birthday soon and need to raise money towards it, i also don't play anymore as too busy with kids and family/work, looking for a quick sale Please text or email me as my phones speaker don't work so i would not be able to hear you. Will respond to all requests as soon as possible Please also check out the PS3 i have for sale if your looking for an older PlayStation. Note to Scammers: Don't bother, i have not got time in my life to entertain your stupidity of trying to scam money off people who actually work to earn it, If you want money you know where the job center is, i'm sure they are fully equipped to get you a job to earn your own!
