Vauxhall Corsa Energy Twinport. 1.0 Litre Engine. 12 Months MOT (until 29/3/17), 89227 Miles. This is a great little car that runs smoothly. I bought it 2nd hand from Vauxhall in 2011. In 2014 the Engine was replaced with another Corsa 1.0 engine that had only done 24,924 miles! I have receipts for the engine and also a receipt from the mechanic who fitted the engine. The clock on the car was at approx 74,000 at the time and as the clock cannot be altered it still shows the higher mileage. Also had a new clutch fitted in 2014. This year the car had a New steering rack, two new front springs, Velocity joint covers, two new tyres and a new water pump. It has just passed the MOT. The Standard corsa speakers in the doors have been replaced with Edge Speakers and the standard radio has been replaced with a CD/Radio/Aux player. The parcelshelf currently has two 6x9 fly speakers fitted, these are not wired in but have been left in the car. They can be removed or reconnected. There is some cosmetic wear and tear, but overall the car is good for it's age. There are a few scratches on the bonnet (dog decided to jump up!) and some tree sap marks. I am selling the car because we no longer need two cars. Sold as Seen. Please contact me if you have an questions or want to view/test drive on 07583710829. The car is in Lingfield, Surrey.;
