If you are reading this then you are obviously contemplating the idea of owning your own Holiday Home. Looking on here there are lots and lots of different caravans, different offers, and different parks. I am sure it can be an information overload and somewhat overwhelming?..

Well here's a little help... keep it simple... the most important part of your decision is finding the right park that best fits your needs and what you want out of your new lifestyle.

We are so proud of our park and all the things that we do differently to look after our owners, it would mean a lot to me if you could just read the rest of this description and see whether it could be right for you. Even if it isn't, it may give you some standards and values that will help you in your decision when you do finally find the right park.

So a little bit about us...

If I could describe our park in three statements I would say..

- We are a peaceful and tranquil retreat away from the hustle and bustle of modern life.
- A small community where new friends become old friends.
- Where our owners enjoyment, peace of mind and needs are at the forefront of everything we do.

We are Kindfisher Country and Leisure park, a 5\* Holiday Park set in beautiful countryside with stunning views over a river with a stone bridge, away from the industrial villages of Widdowburn and a little hidden secret nestled in the Co. Durham Park. The drive to the park will take you face on to the longest drive in the North East.

Why have we been awarded 5 stars?.. Firstly our amazing location and immaculately landscaped grounds constantly tended to by our hard working and award winning gardeners. Secondly, and equally as importantly, the way we look after our owners. Here is a small window into what makes us so proud of what we do.

- We have designed our park with huge pitches so you have plenty of space around your new holiday home, with room for a veranda and all come with our very own hard standing parking bay as standard.
