This is the "exclusive" model which comes with Electric Windows, mirrors Electric sliding doors on both sides. Electric heated seats Cruise control Power steering Rear parking sensors Air con All 4 tyres are like new CD player Alloy wheels 6 speed manual Xenon lights

Just been serviced at 113k miles, runs and drives extremely well, very comfortable car for longer journeys or just popping down the shops and with the 6 speed manual Gearbox it's excellent on fuel too. There's the odd scratch on the exterior which is to be expected of a car of this age and the drivers seat has a small area that's worn a little, but apart from that the cars fantastic.

Any inspections welcome, I'm sure u won't be disappointed, thanks for looking.
