A nice tidy Focus 1.6 with a low mileage of 56000. The cambelt was changed just last year. In good order throughout with four services in the book, the car will be serviced upon sale with a new MOT. Very sensible running costs at around 40-45mpg. Plenty of space for five with an ample boot aswell. She will make the perfect family car for summer holidays. Good specification including heated front and rear screens, air conditioning, alloy wheels, computer, front and rear fog lights, electric windows and mirrors, rear spoiler and remote central locking.
