See our full range at [www.kidsslings.ie](http://www.kidsslings.ie) Kids arm slings for little broken bones.

Suitable to support broken arms, wrists, elbows and collar bones. We can add a waist strap to help keep the shoulder immobile if you child had a broken collar bone.

All our slings feature a fleece lining for comfort, warmth and durability. Our fleece lined neck pad helps to evenly distribute the weight of the cast across the shoulder, not the neck.

Our slings feature thumb hooks to keep the sling in place.

Shoulder straps are adjustable through our quick release buckle which make them easy to put on and take off. We make our slings in two standard sizes, 2-6 years and 6-10 years. Always measure your child's arm before ordering as even a small child can have a very bulky cast particularly if the elbow is pinned.

We welcome custom sizes for older children or adults but we do not make slings for children under 2 years.

All the slings on our website are fabricated and ready for immediate dispatch. Next day delivery to Rep. of Ireland. We ship worldwide and express is an option at.
