Hi there, are you a small or medium business and looking for someone to create your website that's highly visible on search engines for affordable price? You are on the right page. I am a skilled web developer with over 10 years of experience.

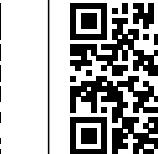

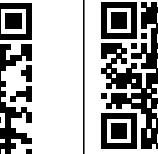

You won't be paying much money as you do with big companies, it will be more personalized and affordable. The website will be highly optimized for search engines.

All packages include:

- 1 year free hosting
- submission to major search engines
- email accounts
- integration with social media like Facebook or Twitter

My Services include:

- Web Design
- Web Development
- Content Management System
- Responsive web layouts (mobile/tablets friendly website)
- eCommerce
- Web Hosting
