

# PRAGA wall-mounted terrace roof with FREE delivery and fitting PRICE PER SQUARE

Location

East Midlands, Leicestershire

<https://www.freeadsz.co.uk/x-297851-z>

A PRAGA wall-mounted structure features quality without compromise. It is made exclusively of glued wood, solid polycarbonate, and high quality fittings. Owing to this combination of materials, our Clients receive top quality products that will serve them for many years. The PRAGA structure can be applied as roofing of terraces or carports. Moreover, you may choose any colour of a structure as well as a roof shape (arch, straight, or S-shaped). However, if the standard sizes of our carport do not meet your expectations, we can prepare a custom-made design just for you.

width: 3,3m

height: 2,74m

length: 5,62m

a selection of colours

custom-sized designs available Custom-sized:

If our structure does not meet your expectations, we can adapt its sizes to your needs. Owing to the close cooperation with our design office, we will carry out static computing according to the building practice and all standards applicable to your order. Assembly:

Our main target is to create a product that will be intuitive in installation. Therefore, the assembly manual has to be clear and all elements must fit perfectly. The set includes all elements necessary for erecting and mounting the roof to the ground. If you have no time, our expert team will carry out the installation for you.

Our promotion for free assembly are regarding to all products from CARPORTS and TERRACE ROOFS department. The promotion is valid in United Kingdom, Belgium, Netherlands and Luxembourg.
