Here we have a very nice example of a Kawasaki ZX-6R that has covered 9602 miles from new. The bike has been HPI checked and a Certificate will be presented with the bike. The paintwork is in great condition and has been fully polished by our on-site valet. The bike comes with a factory fit immobiliser, this stops a cloned key or screw driver being used to start the bike. A tank pad has been fitted to the bike, these protect the paintwork from rubbing with the riders jacket, they also look nice. The bike has also been fitted with a Akrapovic exhaust, this allows a little more of a growl upon acceleration and also allows the throttle to be a lot more responsive. Viewing is welcome any time and we guarantee you will not be disappointed. Give us a call on 01246 860046 for more info or pop in and view the bike at CMC Clay Cross. We also offer nationwide delivery, so if you prefer us to bring the bike to you just let us.
