This is a rare superb piece of antique workmanship, the carving is very intricate and beautiful. It is a table top, I do not have the base part though. I had intended to display it on the wall but since moving recently we do not now have the space to do so sadly.

It measures 54cm diameter. It is a very dark wood but i'm afraid I do not know what the wood is.

Please see all the pics to view this exquisite detailed carving. There is a small piece missing to the underside which is shown in the photo's.

The underside has what looks like a signature and other deliberate marks.

From a smoke free.
