Cost me a whopping £3k new with the upgrades and warranty package which gives you that added piece of mind compared to most if not all other offers out there.

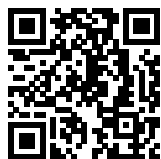

Play your games the way they should be played!

This Laptop will not disappoint, for extremely fast speeds as well as realistic and intense graphics, this Alienware laptop delivers. The freedom to play the latest games on the highest graphics settings with lag free performance is incredibly liberating. Hard drive choices, customizable design inside and out and top-

notch system performance really make this gaming laptop stand above the crowd. Overall this top gaming laptop is a plastic and metal masterpiece that is expected to last for many years of gaming and more.
