7 Inch Android 4.4 Tablet With a 7 inch screen, this tablet is easy to carry around and will not weigh you down unlike larger tablets; Powering this touch screen tablet is a Octa Core processor, which is supported by a Mali-400 GPU and 1GB of RAM to provide an overall strong performance when multi-tasking as well as other usages.

Coming with Android 4.4 KitKat pre-installed, this tablet uses one of the most modern operating systems to date to allow more practical uses. Furthermore, there is Google Play store to get all the latest apps and games to keep you busy and entertained when using this 7 inch tablet. A cool feature is that this tablet has OTG support so you can connect an external hardware device such as a keyboard and use this tablet like a computer.

The tablet comes with two cameras, so you can always snap a quick pic or selfie on the go, with no separate camera needed.

In addition to working and playing around with media, you can use the mini tablet to catch up with friends via Skype, enjoying audio or video chats. Internal memory of 8GB and the support of up to 32 GB in external memory.

12 months warranty
