Professional Eyelash Extensions Full set £30 or Infills £20-£25 Lash Extensions provide thickness and length to natural eyelashes which enhances the allure, appeal and charm of your eyes. Eyelash extensions provide length and thickness to your natural eyelashes. Premium quality, eyelash extensions need to be applied professionally to blend with your natural eyelashes. Whether it is for a special occasion or for every day wear, flirty eyelash extensions provide a natural look and feel. Eyelash Extensions are very light and comfortable on the eyes. When applied professionally they do not damage the natural eyelash which can be the case with traditional self applied false eyelashes. My lashes will naturally darken your lashes as they will be fuller and more visible. The procedure is very comfortable and relaxing. Eyelash extensions are individually applied and bonded onto the natural eyelash. I use Silk eyelashes. They come in a variety of lengths and thickness's so you can choose a very natural look or a glamorous look- it is up to you! Once applied lashes will look longer, fuller and sexier, they really transform your face making you look younger and brighter eyed, you will be wanting to flutter them!
