The now Legendary GSX1400 was without doubt one of the best bikes Suzuki have produced to date. This is one of the limited production Final Edition models that came with the stunning bespoke Yoshimura single end can. The 1400 power plant produces torque like no other, this makes riding the 1400 an absolute dream. The engine note is deep, really adding to the riding experience. There isn't an angle the 1400 doesn't look beautiful from. This particular machine is in very good condition, it has only covered 18114 miles from new. The original service book is included in the sale, this has 7 service stamps in it currently, with the last service carried out in May 2015. Naturally we will be adding to this full history with a service when we sell it. In addition to the service book we have the original owners hand book and dealer location manual. We have both keys and 2 key fobs for the Meta 357 tv2 alarm immobiliser system, this is Thatcham approved to assist with insurance and add extra peace of mind. As with all our bikes it is of course HPI clear and will be fully prepared by our workshop prior to collection. Part exchanges are very welcome as we are always looking for used bikes, we are also happy to settle or arrange finance and trade up or down. £5195
