Alan Ranger is running a lightroom photography course in Kenilworth, where you can improve your image editing skills! Various dates throughout the year Using Adobe Lightroom amongst other editing tools, Alan will teach you how to appropriately edit your images, creating the right contrast and much, much more! This 4 week course of 3hr lessons will provide you with the knowledge and support you need to grow your photography skills even further, and is designed to give beginners the opportunity to learn how to professionally develop photos using Adobe Lightroom and other editing software.

Course content:

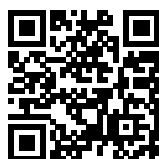

- * Use Adobe Lightroom on a laptop computer
- * Learn how to organise, catalogue, keyword and rate your photos
- * Learn how to implement an efficient workflow to photo management and editing
- * Learn what the Lightroom modules do and how to configure them
- * Learn what the various editing options are and how to use them
- * Learn how to keep your original intention intact so photo editing remains the polish rather than surgery on your photos
- * Learn how to create a slideshow, print and publish your photos on-line See full course details here.

<http://www.alanranger.com/photography-courses/> Alan Ranger runs a number of photography workshops, courses and online photography mentoring services throughout the year that you can take advantage of. So if you can't attend this particular course, there's bound to be something later on in the year you can attend! <http://www.alanranger.com/photography-courses/> Sign up for the newsletter and blog too to be kept.
