This 10 lesson course spread across a 6 month period, is aimed at photographers who already have a thorough understanding of camera operation, composition and processing images. This course is the ideal follow-up to Alan's 5 week beginner course or for those on the monthly mentoring programme. Course content: Design a photographic project - themed or a cross section of techniques and styles Learn how to write a statement of intent and artist statement Plan your photographic project with locations and concepts to discuss with Alan Bring pieces of work back to the class for input on processing and professional edits Learn to perfect new techniques and improve on existing knowledge Learn how to prepare images for printing and exhibiting Once the course is over, you'll be able to display your best photos in an Exhibition where you can show your work to friends and family. See the website for full details or call Alan Ranger to discuss this course further. <http://www.alanranger.com/photography/>
