

Photography Masterclass, Editing Photos - Various dates throughout the year

Location

West Midlands, West Midlands

<https://www.freeadsz.co.uk/x-316586-z>

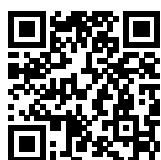

This masterclass is an introduction to photo editing. Using Adobe Lightroom (available on a free 30 day trial) Alan will explain and demonstrate how to make basic edits to any photograph and get quick and effective improvements in just a few minutes. This class is a great way to see how powerful and easy it is to enhance and fix common photo mistakes and do the things that can't always be done in camera. If you want to correct those crooked horizons, eliminate distractions and get better contrast, impact or just crop to improve composition then Alan will show you how to do all this and more in this easy to follow class. You can even bring one of your own images to the class for Alan to edit. See the website for full details of this class, as well as many other courses, workshops, field trips and also read about Alan's 1-2-1 mentoring.
