A very reliable, fun car. Bought 1st August 2012, and been in regular use since then. It is a very low mileage car, and one with full Mazda service history. For wind in the hair driving, or for cosy air conditioning in winter, it is a great car to drive. If you are interested in this car, call Geoff on 01892 724505, to make an appointment to see it in Horsmonden. For complete peace of mind, I shall have this roadster serviced by Mazda and issued with a full 12 month MOT, before you take.
