Hello all, thanks for taking the time to view my advert.

My name is Tessie and a Trained Architect turned mobile Hair stylist with over 10years experience. With my Architectural background, I have a knack for precision and make sure every single strand of extension is fitted rightly as well as neatly! You will get a professional as well as personal service. My contact number is 07759160016. You can check over 100s of photos of my work on my Facebook page. Profile name is "Tessie Hair Matters". To ensure my clients are happy & keep coming back, I use the top-quality hair with professional precision when fitting your hair. I offer different types of hair & methods at affordable prices that are suitable for everyone's budget. WHAT HAIR TYPE/QUALITY DO YOU USE? The hair I use is AAAAA 100% Remy Human hair extensions that you can coil/curl or straighten without fear of it getting damaged. A heat test will be carried out before or after fitting, so you can check the quality of the extensions being used on your hair. No shedding/matting after fitting. HOW MANY STRANDS DO YOU USE FOR A FULL HEAD? I use between 200-300 strands for a full head. No catch! One thing I do that (in my own opinion) stands me out from other hairstylist is the fact that I do not count the number of strands I fit for a full head. I usually fit the amount of strands that gives the desired volume the client is happy with. DO I NEED TO PAY A DEPOSIT? What's more? Unlike other hairstylist, I do not ask for a deposit! I already have all the hair in stock and so will come to yours and fit your extensions. After which, a full payment is done when you are happy with your new fabulous look. It's that simple and no pressure whatsoever. CAN I SEE PROOF OF YOUR WORK? If you need proof of the work I have done, do ask & I will send you more of my own photos of work done. I have loads of them, from short hair to fine hair, from damaged hair to hair with different tones/shades. There is a photo to show the

transformation to fabulous hair from any hair issue. These are photos that have been accumulated from clients who have been with me for a long time. HOW LONG WILL IT TAKE TO FIT YOUR EXTENSIONS? It depends on how many strands you want to fit. Most of my clients have 200-300 strands fitted. It will take 1-2 hours. HOW MUCH WILL IT COST? I can't give you a price, I can't give you a price for nano/micro ring extensions in Essex. It depends on the type of hair you want to use, where your hair is very thick). Unlike other hairstylist who spend 3-4 hours fitting your extensions, you are sure of a fabulous look in approximately 2 hours. This is because I have been doing this a long time & relatively proficient in it. WHAT IS THE COST OF THESE EXTENSIONS? All clients have different rates tailored to their needs, hair types and length looking to achieve. My rate includes the extensions and the services I have an event tonight tomorrow and my hair has let me down. Last minute bookings are available if you have been let down by your hairstylist, these things can happen, so you can contact me immediately. You will be booked immediately for an appointment if available. You can

MY FRIEND/SISTER ALSO NEEDS HAIR EXTENSIONS If you have a friend or family member who wants to have micro ring/Nano ring extensions, you can both team up and get a package by paying a fraction of what you would ordinarily pay if you were having the rings fitted for just you! You can both have your extensions fitted on same day and same location to get a fantastic deal!
