Ideal for commuting or simply for popping to the shops, this bike is in fantastic working order and couldn't be easier to drive. It's very responsive and nimble, accelerating well with an impressive turning circle. I bought this bike as a learner and it was fantastic for building confidence. I'm gutted to be selling it but am not using it enough to warrant keeping it. The extremely low mileage is due to the previous owners, a retired couple, who used it once or twice a year when on holiday. I have just replaced the battery with a brand new one and a top box is included in the price. Additional items such as an Oxford chain, hand warmers and leathers are also available for an extra cost. I am open to reasonable offers.;
