KingsStock Music Festival is a grassroots boutique event, which is now in it's 6th official year, continues to grow and is the festival to watch! KingsStock will be building on last year's memorable weekend using Moggerhanger Park near Bedford as its venue. As before festival goers will be able to relax in the historic surroundings of an exclusive country house while they enjoy a line-up of over 30 bands. There will be fresh, original music in styles ranging from funk to punk and rock to gospel, and nearly everything in-between. A variety of other creative arts displays, workshops and activities will add to the weekend of non-stop music and entertainment.
