Want to make a quality recording on a low budget? A friendly experienced producer with a project studio can take you through the process from recording to mixing and mastering. The studio is ideal for working on singer-songwriter and electronic projects. We have a small collection of quality gear including Neumann TLM103 and SSL Alpha Channel for that pro vocal sound, plus a selection of other mics, outboard gear and instruments. Our rates are very reasonable and flexible to your needs. Starting at £100/day with discounts and packages for projects lasting 3 days or more. Get in touch to discuss your project and make some!
