Brand new, unlocked and sealed Samsung Galaxy S7-32gb (Black Sapphire). I received this brand new handset as an unexpected gift from a family member hence I don't have the receipt. The reason I am selling the handset is because I am already receiving a new phone upgrade shortly hence this phone is surplus to requirements. Furthermore it comes with full accessories such as the phone charger, usb cable, user manual , earphones etc. I am also giving away a free S7 screen protector and also a free S7 case holder as well. I am open to offers as I am seeking a quick sale. Regards,
