This is a fabulous car to drive. Very comfortable seats and very fast. It has 6 gears and gets to 70 mph in seconds. It comes with a great cd system with good sound in the front and back with controls on the steering wheel and has an inbuilt satnav system. I love how economical this car is to drive. I can easily get down to London on less than a tank from North Wales. I am sad to sell this car, but my circumstances are dictating so. You will not be disappointed by buying this car. Thanks for looking.
