Andrews & Sons have been cleaning carpets for over 35 years in this London we are Carpet experts with over 4 generations of Experience since 1902 selling carpets, and fitting carpets, We clean carpets using the 3 stage cleaning first stage 1 we spot clean this is to work on any stains this is very important any stubborn stains may need extra work by using the right chemicals and then for stage 2 we shampoo the carpets to loosen up all dirt and grit from deep down the pile then stage 3 we use the steam extractor to bring out the dirt and grit this also rinses the carpets taking away any chemicals left in the carpets making your carpets look and feel and smell fresh and clean,

Today's carpets are made to be cleaned and i can use some very strong chemicals to get the Stubborn Stains out using such strong Chemicals which would take the dye out of most clothes and on stubborn stains like this i have to work naked to stop any dye bleeding from my clothes onto the carpets this is done only if i have to and in a professional manner i only do this to achieve the best job i can possibly do. I have the attitude i will do the best job i can do for all my customers I use the very best machines to do my work and the best chemicals on the market today which are safe to use on your carpets we never use subcontractors all work is carried out by us we have the knowledge and the experience you can trust. You will be happily surprised at our prices starting from only £40.00 for one room and the more you have done the cheaper it becomes.

We never rush jobs we do them right and to the very best we possible can.

No Job is to big or to small

We also offer our customers a spot cleaning service this is for stains on new carpets or if you have used other cleaning companies and they was unable to get the stubborn stains out we are the experts.
