

Aprilia Tuono 2011 (8,299 GBP)

Location

East Midlands, Nottinghamshire

<https://www.freeadsz.co.uk/x-318446-z>

Featuring all the electronic gizmos and gadgets you could ever need on a bike which should keep you with a smile on your face as well as keeping you safe at the same time this APRC version of the Tuono V4 is one of the most fun things you can ride with your clothes on!), 167bhp from the V4 engine can only be described as a wall of power! But if it scares you too much theres always the power mode switch which means you can choose 1 of three engine maps to suit your mood or the road conditions. Anti wheelie, traction control and launch control as standard. With the genuine low mileage and full service history recorded and stamped in the book, And two former keepers from new this bike is ready to go for the summer... If you!
