Location

South East, West Sussex

This is a pair of brass lever door handles. They are brand new and have never ben used. I bought them for a renovation project but actually never used them.

They are quite contemporary without being really modern so suit many different types of house / flat.

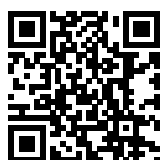

They include all screws and connecting rod which goes through the door to connect the 2 handles.

Measurements: Height: 15cm Width of backplate: 4.5cm Length of handle lever: 10cm I have 18 pairs of these for sale. This auction is for 1 pair (as shown in the photos). Contact me if you want more! I've put this down for collection only because they're quite nice and heavy so I guess postage will be quite expensive. Contact me if you want a postage quote. Please send any!
