Ashley is one of the UK's leading drum teachers, having worked for the Pearl and Slingerland Drum companies, Ashley has built an outstanding reputation for his knowledge and teaching methods, having studied with many of the drum companies endorsed drummers.

When I first became a young musician, I thought I knew everything. All I needed was a break, a chance to prove myself. I sought out established older players and drum teachers, seeking that magic bullet or tidbit of advice that would rocket me to stardom. I soon learned there was still plenty of hard work and learning to do. At this level, experience becomes a great teacher. You often hear sports analysts refer to the "rookie mistakes" that a talented freshman athlete is making. A smart young player will learn and make adjustments in their game.

My lessons include genres such as:

 Reading
 Chart Reading
