HOW DO OUR FEES WORK? At ZOOM995, we are happy to discuss our fees and service in advance of any appointment. We are confident that our industry leading service and realistic fees really do offer a revolutionary and compelling option. Simply choose one of our options below where the only difference is when you pay. **OPTION 1- £495 inc vat (pay now) PAY NOW OR PAY LATER, you choose...** **OPTION 2- £995 inc vat (pay later)** We start with a free property valuation, carried out by one of our experienced valuers. They will assess where your property sits within the current market and help you decide the correct marketing price and strategy for your home. They will even discuss if there is anything you could do to maximise the sale price and guide you on presentation. We then prepare detailed particulars with high quality images which are digitally enhanced to ensure your property is presented to the highest standard possible. When you are happy and only then, we upload your details onto the property websites and mail to our extensive database of registered buyers. Once your property goes live, our team of experienced negotiators handle all your buyer enquiries. We ensure that all viewers are qualified and make sure that we follow up every viewing so that you know what's going on. We negotiate offers on your behalf once our independent mortgage advisors have checked them out and progress your sale through to exchange of contracts and moving day. With over 70% of our new business coming from recommendations, we really do care that you are happy enough to recommend us to your friends and.
