illusion, 2 owners, "JUST COMPLETED" 2004 GL1800 USA-SPEC fit with one of our EML Martinique GT conversions. very low mileage for the year and tastefully dressed with extras, this trike is a real looker. EML conversions are renowned as the best in Europe, with superb road holding, great looks and a huge boot area to carry your gear in. Floating calipers & discs ensure real stopping power on the rear, while stock discs and calipers are used on the front. Rear Suspension is provided by two new units operated via the machines standard operating equipment, while the front is replaced with EML's own Sensodrive suspension system allowing the fitment of a wider front wheel, new tripletree and improved damping which is fully adjustable.
