This is a cosy two bed chalet just north of Aviemore which sleeps 4 in two bedrooms, one double (second photo) and two singles (third photo), and 2 on a sofa bed in the lounge. It faces south in an idyllic woodland, very sheltered setting. The windows are not overlooked, as it is the first chalet on the hillside going up, so nothing in front of it. Full kitchen (fourth photo) and conservatory for dining with six places (sixth photo), comfortable lounge with sofa bed, equipped with TV/DVD, and electric radiator heating (fifth photo); WiFi in clubhouse. Towels provided. Available for 30th April to 13th May 2016 only, which often coincides with a settled, warm and sunny time of year in Scotland. There is a large fishing Lochan on site (eighth photo), together with a tennis court, heated indoor pool (seventh photo), clubhouse and restaurant,. There are allocated parking spaces within 25 yards of the chalet. Other on site club facilities include a gym, sauna, and games room with table tennis. There is a small launderette with two washing and two tumble-drying machines. Located 7 miles north of Aviemore, and 6 miles from Loch Garten, which is famous for its Ospreys, at the very time of year when you can watch them nesting from the dedicated RSPB Centre on the loch side. There are fabulous country walks from outside the door and in nearby Carrbridge, and there is a golf course a few minutes walk away. The Cairngorms are 10 miles away, also the river Spey and its distilleries. It is 30 miles from Inverness, and Loch Ness is within easy day trip distance. Dogs are welcome. Highchair available for hire. Rent is £400 for each week, £750 for both weeks. Lianne WROTE THE REVIEW BELOW after she and her family stayed in May 20014, and gave it a \*\*\*\*\* rating:- My husband and I, along with our 7 year old and our dog Jack had a lovely week at this chalet. Although the only thing that let down our stay was the rain, the swimming pool and steam room in the main building sure made up for it. My good intentions of using the gym didn't happen, but I'm

using my being 7 1/2 months pregnant as my main reason. I was in the heated pool plenty however. Not  
 the chalet. Aviemore is lovely, and the location is generally 20 minutes away, means there  
 is nothing to do when it rains, and my 7 year old Rhian has loved the swimming pool at the chalet.  
 I also saw a red squirrel go past the conservatory, where we were sitting for lunch with the  
 woodpecker. Over the two week holiday we had a record of 100% good weather.
