Welcome to DuoTech Electronics Our duotech fitters are experts at fixing all sizes of tv to the wall although we may require a 2nd pair of hands for screens bigger than 42". we recommend that the tv should be installed on either a solid masonry wall or on a stud partition wall.

ensure you have bought a bracket that fits your tv: some so-called universal brackets are not in fact universal!

typical duration

fitting 1 x 20" tv screen to a masonry wall takes around 30 minutes

fitting 1 x 42" tv screen to a masonry wall takes around an 1 hour (this job will require a 2nd pair of hands, so let us know if you are prepared to help or would prefer us to send 2 handymen)

cable tidying = 30 minutes

chasing cables into walls = varies substantially (we recommend you book us to hang the tv and while on site we can provide you with an estimate for the cost of chasing any cables)

tv wall mounting now only £45.00
