An ideal gift for a someone special or a great way to display your favorite wines. This has been handmade from solid European Oak. It is free standing with a black metal base and is extremely stable. It can hold up to 4 bottles of wine. The product has been oiled to bring out the natural beauty of the oak. Dimensions are 115mm x 115mm x 505mm tall. Collection preferred from Knapill in Woking but can post for an additional £8.00 at the buyers expense.

NB- As timber is a natural product, this product contains a number of cracks/ splits, hence why I have listed it as rustic. These splits may get bigger or more may develop as the timber "moves". This will not affect the product but will only add to the rustic nature of the product.

**Wine bottles and glasses in the images are not included in the**
