This stunning Charm Bracelet is in excellent Condition. It has been carefully looked after since purchasing it in the late 1970's. Weight Approx 17grams, Circumference from first to last link is Approx 18cms. This is not including the safety chain. It has two fun charms which I believe to be Silver as they were purchased from the same jewellers as the bracelet. There is a Golfer which is in mint condition, the other Charm is a Rabbit that is clutching a small Amber Oval Stone against his stomach whilst eating a carrot. Some of the orange paint on the carrot has been slightly worn off, this is so tiny that it is barely visible to the human eye! Please see photo's. The padlock is in perfect condition and doesn't have any scratches, I stored this away over the years and considering it's age it is in excellent condition. This would make a lovely gift to someone special!!!! From a pet/smoke free!
