This bed frame is used but in very good condition, with a couple of stickers where my daughter decided when she was younger to stick stickers just about everywhere in the house. Not had a chance to remove them, just use hot soapy water to remove them. Other than that you have a high sleeper with two shelves and a desk, very solid design and it will last years yet. In fact I often joked with my wife that if there were earthquakes in the UK we would just hide under this bed and you will survive without a scratch, we'll even chuck in a chair for free. To Collect asap. Approx measurements: Length 203cm, Width 99cm, Height to bottom of bed 141cm, Height to top of rail 184cm. Already dismantled and ready for collection in Redhill Surrey Just call: 07793462985 077934629...(click to reveal full phone number) ask for Roy. Thank you :) P.S. The photo is not of this bed because we forgot to take photo before dismantling it. This is very close to actual bed.;
