Beko Fridge Freezer (Free to Collector)

Location London, London https://www.freeadsz.co.uk/x-322442-z

I've inherited a Fridge Freezer from a recent house purchase but I already have one. Seems to be in working condition I noticed the bottom drawer in the freezer compartment is damaged though. I've switched it on briefly for 30 mins to check its ok, note this was used extensively by the properties previous tenants, it just needs to a good clean since as it hasn't been used for a month or two. Model Number CA5411FFW2 Is available immediately, collection.
