Modern and innovative treatment methods, professionals who regularly perform consultations in UK, Ireland and who had undergone specialization trainings either in Western Europe or in the United States, costs that are much lower than in Western countries and a place which is easy to reach by plane from anywhere in Europe – these are only a few answers to the question - why you should choose Lithuania.

Private clinic offers world class treatment. Professional English and Russian speaking surgeons have up to 15 years of experience. We offer surgery of European level at affordable price. There is no unnecessary obstruction caused by waiting lines thus a surgery can be done whenever it is convenient for you. www.bhbcclinic
