Stuff - what does it mean to us and why do we hang on to it? Where better to explore the meaning of possessions than a play set in Reading's Lok'nStore warehouse. Yes, that's right - inside the Lok'nStore on the A33 - where the audience will walk down those strip-lit corridors lined with garage-style doors in an examination of a young women's relationship with the detritus of her life. Known as an immersive, promenade performance, Handle With Care is a personal, fly-on-the-wall exploration of how we accumulate objects, the meaning we attach to seemingly banal belongings and how they ground us and give us a sense of place. www.playhouseharlow
