

BMW R100 1996 (9,250 GBP)

Location **Wales, Gwynedd**
<https://www.freeadsz.co.uk/x-324016-z>

Black, This one comes with a WP rear shock with handle bar remote adjuster, is fully serviced with new tyres and battery also comes with panniers, chrome crash bars and rear carrier, bash plate, front guard extender beak, tall screen, original tool kit, touratech seat, heated grips and handguards. In the late 1960s, BMW lured Hans-Gunther von der Marwitz from Porsche and gave him the job of re-inventing the boxer twins. he retained the opposed-twin engine layout, he completely revised its internals, using a one-piece forged crank with car-type plain bearings (with connecting rods from the 6-cylinder car engine). The camshaft moved below the crank driven by chain, not gears. A handsome aluminum casting that also formed the crankcase housed the alternator and other ancillaries. A car-type clutch and flywheel mounted to the crankshaft drove a four-speed gearbox with final drive "naturally" by shaft. And gone were the Earles forks, replaced by telescopic units. Mileage is 27,226, please note the speedo will be showing in km. It is not a restricted bike and will be full power. The bike will be serviced and come with 12 month's MOT. This bike has been imported from the Continent and will be UK registered on an age related number plate upon sale. The registration transfer paperwork can take 2 - 3 weeks depending on timescales from DVLA. The North West's finest family run motorcycle dealership, £9,250 no
