

Aprilia Dorsoduro 2013 (7,495 GBP)

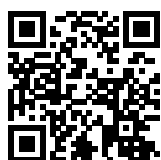

Location **Wales, Gwynedd**
<https://www.freeadsz.co.uk/x-324018-z>

White, 1 owner, * PRICE REDUCTION, WAS £7995 NOW £7495 *Nice example and comes fitted with carbon tip Pipe Werx exhaust, comfort seat and R&G tail tidy, original exhaust and seat is included. Powered by a brand new, Aprilia-built 1197cc V-twin engine and fitted with ATC (Aprilia Traction Control), variable throttle maps and ABS, the Dorsoduro 1200 challenges big supermotors like the Ducati Hypermotard 1100 Evo and KTM 990 SMR head-on. Unlike some feisty supermotors, the Dorsoduro 1200 is nice and stable on fast, bumpy terrain and the ride quality is good. It's tall, so smaller riders may struggle getting both feet on the floor at a standstill. ABS and a three stage traction control system (which works with wheelspeed sensors and not gyros like the RSV4 Factory SE) is a very useful safety device and standard on UK machines. If you want to have supermoto fun on the Aprilia you can turn the electronic rider aids off as it won't slide or wheelie with them switched on. The only thing is you can't do it on the move and have to stop. The North West's finest family run motorcycle dealership, £7,495 p/x
