Green, 2 owners, This bike comes fitted Oxford heated grips. The American market has been a big success for the Kawasaki Ninja 250 range for years and years and But even the Yanks need a fresh brew every now and then and the Ninja 250R is the latest offering. A major overhaul of the old, forgotten about ZZ-R/GPX 250 engine has bought Kawasaki Ninja 250R bang up date by being environmentally friendly and as easy to use as a Raleigh bicycle. The Kawasaki Ninja 250Rs claimed 33bhp is spread thinner than gold plating thereâ€™s no sensation of the power coming into play or fading as the motor spins to 14,000rpm so very quickly. Fuel injection does what it does precise and cleanly, which kinda sums up the motor. The North Westâ€™s finest family run motorcycle dealership, £2,250 p/x
