Red, Very nice example of this iconic model. First production bike with a full fairing and probably one of the most protective fairings ever produced. 1000cc Boxer twin makes lazy long legged power for mile munching capabilities even today 35 years on. Quick release pannier boxes, shaft drive, tall screen, triple disc brakes are still the same values looked on for on sport tourers today. Please note this bike has not been restored and wears the patina of a well looked after but used bike of this age so does have some marks, scratches etc. Mileage is 54,730, please note the speedo will be showing in km. It is not a restricted bike and will be full power. The bike will be serviced and come with 12 month's MOT. This bike has been imported from the Continent and will be UK registered on an age related number plate upon sale. The registration transfer paperwork can take 2 - 3 weeks depending on timescales from DVLA. The North West's finest family run motorcycle dealership, £4,495 p/x
