Grey, This one in unrestored original condition, fantastic for its 33 years of age but does have scratches, marks etc associated with time. Named after the famous 24 hour French race, the CB900F came out with 20 horsepower more than the 750 it replaced. This along with the bigger forks and oil-cooler made a tougher more resilient bike for high speed work. Really one of the first true sport-tourers with it's full fairing offering great protection from the elements and better aerodynamics for high speed stability. Mileage is 28,962, please note the speedo will be showing in km. It is not a restricted bike and will be full power. The bike will be serviced and come with 12 month's MOT. This bike has been imported from the Continent and will be UK registered on an age related number plate upon sale. The registration transfer paperwork can take 2 - 3 weeks depending on timescales from DVLA. The North West's finest family run motorcycle dealership, £2
