This is a 1 owner bike fresh in from the USA with full UK papers & also a copy of the US version of a V5 too. This bikes looks like it did the day it left the Kawasaki showroom. The two tone paint looks amazing and really makes the bike look that little differently compared to the solid colour options. This of course comes fully loaded being the LT version so getting a few miles under your belt on this won't be a problem with the genuine screen, luggage, sissy bar and running boards! Dual pipes and spoke wheels as standard on this one, so why not grab yourself an all rounder for only £5295. REF:3QA3. Kawasakis 900cc V2 Engine, four-stroke, 50.00 HP (36.5 kW)) @ 5700 RPM, Fuel Injection, Single Overhead Cams (SOHC), Liquid Cooled, 5 Speed, Belt Driven, Wet Multi Plate Clutch, 300mm Single Sided Front Brake Disk, 282kg Dry Weight, 68cm Seat Height, 20 Litre Fuel.
