Sony 74 minutes Recordable Mini discs. I have 185 opened discs. 180 of these may have music recorded on them, ranging from 50's RnR, Modern country, etc. Can be re-recorded with whatever you want. There are an additional 4 discs unopened. Comes in a wooden storage box with 3 dividers. Have lots of labels. Collect from Tunbridge Wells. Could split down, but a minimum of 10 per bundle. Would need to see postage charge is required. So 189 discs in.
