WANTED Classic carvan. Anything. Corvette, Morris Minor travellervan, or

South West, Isle Of Wight Location https://www.freeadsz.co.uk/x-325277-z

I'm looking for a classic car or van for the summer. Do you, or someone you know, have a reasonable car/van just 'stored' in the garage, or even standing outside? There's not much difference, but I like the Corvette C3/C5, or a Morris Minor, particularly a van or a traveller. Anything else would be considered. I prefer something that needs re-commissioning after storage or lack of use, or possibly an MOT failure, but as I stated earlier, absolutely anything would be considered. If you have had a vehicle stored for some time, and being realistic, you are never going to get round to it with all the other pressures, please give me a.
