Due to its low seat height and very low weight this small capacity CMX250 is a great starter bike for those that love the look and feeling or thought of riding a cruiser. With a great turning circle and low center of gravity it makes slow speed manouvres a breeze but is equally happy sitting at motorway speeds. Take your first steps towards the big bikes with this great bike for just £2995.00 REF:LE22. 234cc Two Cylinder V-Twin, Four Stroke, Carburettor, Single Over Head Cam, Air Cooled, 5 Speed, Chain Driven, 139kg Dry Weight, 67cm Seat Height, Electric.
