Update just serviced and new quad matched valves Marshall JCM900 100 Watt Hi Gain Dual Reverb model 4100 Set of EL34 JJ Platinum Matched Quad Tubes fitted six months ago when serviced. If you are looking at this amp you obviously know your stuff so I won't bore you with the finer points. Has been with me for over 20 years and I have never had a single problem with it. It has been serviced and looked after with home use and the odd Jam session only. Amp head comes with cover and is unmarked. Cab has a few very minor marks and nicks. Awesome sounding amp, versatile and I'm sure will increase in value as time goes on. Also available THd Hotplate (2 months old) which allows the tones of the amp with out major volume. 07783588225 077835882...(click to reveal full phone)
