Pfaff sewing machine and I believe a Horn sewing machine cabinet. Together they are both worth well over £500. Probably the best combination of quality cabinet and German quality sewing machine. The zip feet cover plates and foot pedals and all the bits in the photos are part of the sale. It has made a few dresses and a few repairs, but is a crime as it will do so much more for the professional seamstress to the busy house executive. The first £250 will take this beautiful piece of furniture and machinery away, so be quick. 07547171857 075471718...(click to reveal full phone number) in.
